

Environmental Planner

We have an immediate opening for an **Environmental Planner or Associate Environmental Planner** in our Folsom office with a desire to be part of a close-knit and driven multidisciplinary environmental team. This individual will prepare and lead environmental planning related tasks. Dokken has provided environmental services for 20 years. We deliver innovative environmental solutions for local, state, and federally funded public works projects. Our core focus is infrastructure: roadways, bridges, highways and interchanges, water/irrigation facilities, bicycle and pedestrian paths, dams, and other public facility projects. To learn more, visit us at www.dokkenengineering.com.

In this role, a successful applicant should have abilities related to planning and environmental approvals under the California Environmental Quality Act (CEQA), National Environmental Policy Act (NEPA), the Clean Water Act, State and Federal Endangered Species Acts, and other applicable environmental laws and regulations. This position involves preparing and reviewing a variety of environmental technical studies (including those related to air quality, noise, visual, water quality, etc.), preparing regulatory permit applications, securing permits and approvals from various agencies, and assisting with the implementation of environmental commitments. In this position, your responsibilities will include coordinating with Dokken's environmental and engineering teams, agencies, and clients. Understanding CEQA/NEPA compliance in relation to transportation planning for roads and bridges is a plus.

Minimum Requirements:

- Minimum of BA or BS in environmental studies/science or related field.
- Applicants should have approximately 2+ years of related experience, preferably in California; private environmental consulting firm experience is a plus.
- Candidate should have a strong working knowledge of Federal and California environmental laws (i.e., CEQA and NEPA).
- Strong written and verbal communication skills are required. Previous experience with environmental studies is required.
- Ability to travel as projects require.
- Strong client relations
- Problem solver – results-oriented.

FLSA Status: Full-Time Exempt

Compensation: Annual Salary ranges from \$ 70,000.00 to 150,000.00. DOE

Location: In-person at the Folsom HQ office or in-person at the San Diego office. Periodic travel through the State will be required.

Benefits:

*** Benefit eligibility is dependent upon classification**

- Generous Paid Time Off (PTO) and holidays
- Exceptional medical, dental, vision, and wellness programs.
- 401(k) Profit Sharing Plan with industry-leading **employer match of 9%**
- **Annual Stock Accrual** in Dokken's Employee Stock Ownership Plan
- Life, accidental death, and long-term disability insurance (auto-enrollment and voluntary options available)

Additional Perks:

- Professional development opportunities (memberships, conferences, etc.)
- Training and tuition reimbursement
- Professional registration, permits, and licensing sponsorship.
- Employee appreciation, recognition, and social events
- Volunteer opportunities (road and creek clean-ups, community service days, etc.)

Date Posted: 12/02/2024**Equal Opportunity Employer Statement:**

Dokken Engineering is committed to providing a workplace free from discrimination or harassment. No one shall be discriminated against based on age, disability, sex, race, national origin, religion or belief, gender reassignment, marriage/civil partnership, pregnancy/maternity, sexual orientation, military service, or political affiliation.

We are an inclusive organization that actively promotes equality of opportunity for all with the right mix of talent, skills, and potential. We welcome applications from a wide range of candidates. Selection for roles will be based on individual merit alone.
